

Before too much time passes, I have to take a moment to write and congratulate you on two areas. First and foremost is having Ronni Gallup on your team. My wife, Linda, and I just moved in to our new home in Twin Creeks and couldn't be happier. We worked with Ronni for 4-5 weeks looking in Allen, Plano and McKinney and she was extremely knowledgeable in all these communities. She gave us valuable insight into the communities, commutes, pros & cons, and even kept us in line when the typical house hunting frustrations start to set in. After seeing about 50 properties, she "suggested" we sit down and re-examine our list of criteria for selecting a home. The next day we owned our new home in Twin Creeks. And, it just so happened to be a home Ronni showed us on our very first day of house hunting!

Linda and I have moved 6 times in the last 15 years and have seen all aspects of realtor performance. We are thrilled, impressed and grateful to have had the opportunity to work with Ronni. In only 5 weeks she has gone from being a realtor to becoming our first friend in Allen, Texas.

Ken and Linda
